

How do I create a Facebook fundraiser? (See screen shot below)

1. On the left menu next to your News Feed, click  **Create Fundraiser** (you may have to scroll down to see it)
2. In the field labelled “Nonprofit”, search for The Foundation for Peripheral Neuropathy,
3. Choose the FPN #GivingTuesday logo for your Cover Photo (it will be available in the list)
4. Make the Fundraiser Title #GivingTuesday: Building Awareness- Giving Hope
5. Tell your story in the space provided.
6. Fill in the dates - why not start on Giving Tuesday and continue through the end of the year!
7. You can decide the goal of how much you'd like to raise with your campaign, but can we suggest \$500?
8. Click **Create** (Note: All fundraisers are public, so anyone on Facebook can see them.

Next “invite” people to *join* your fundraiser. You can only invite people you're friends with to join your fundraiser. But they are under no obligation to donate – but it will be great for them to read YOUR story:

1. From your fundraiser, click **Invite** and select **Choose Friends**.
2. Select the friends you'd like to invite, then click **Send Invites**.

Create Fundraiser for a Nonprofit
